

engage^{ny} Mathematics Curriculum Support for K-5 Teachers

The New York State Education Department (NYSED) has created the engage^{ny} mathematics curriculum. This free, on line program contains curricular modules and units for grades K-5 that align to the Common Core State Standards—Mathematics.

The Santa Clara County Office of Education is committed to support districts with the implementation of the engage^{ny} mathematics curriculum. We will host a one day Trainer of Trainer (ToT) Session for math teachers. Participants will be given the tools needed to lead teachers in their district with the implementation of engage^{ny}.

Outcomes:

- Understand the background and organization of engage^{ny}
- Understand how to implement engage^{ny}

Resources are available to offset cost for participants from Program Improvement Districts or Schools. Please contact david_kennedy@sccoe.org or (408) 453 6982.

ToT Session

DATE:

September 12, 2015

<http://santaclara.k12oms.org/1051-102989>
