EXAMPLES OF NORMS

We will work together as a community that values consensus rather than majority rule.

We will be fully “present” at the meeting by becoming familiar with materials before we arrive and by being attentive to behaviors which affect physical and mental engagement.

We will invite and welcome the contributions of every member and listen to each other.

We will be involved to our individual level of comfort. Each of us is responsible for airing disagreements during the meeting rather than carrying those disagreements outside the meeting.
