Student photo and interview release guidelines: All students enrolled in Santa Clara County Office of Education programs must have written permission on file prior to release of photographs, comments or classwork. In order to preserve the students' rights, we may, in some instances, require interviewers/photographers to take special precautions to preserve the identity of the students. Such precautions may include, but are not limited to, obscuring the photo of the student's face and using no name or only first names when quoting students.
