The Occupational Therapist and the Occupational Therapist II serve as an alternate class series. Persons may be initially employed in either level depending on their qualifications. Persons employed in the Occupational Therapy classification may reasonably expect to be reassigned to the job level classification upon the recommendation of the appointing authority. It is expected that a person employed as an Occupational Therapist will be prepared for reassignment to Occupational Therapist within a two-year period.

REPRESENTATIVE DUTIES

The following duties are examples of assignments performed by incumbents in this classification. It is not a comprehensive list of duties, nor is it restrictive regarding assignments

ESSENTIAL DUTIES:

Evaluates general education classrooms within the SCCOE's birth-to-5-year-old service area; creates, sets up, and establishes a robust sensory classroom environment to support the sensory needs of all students.

Provides occupational therapy services to students enrolled in the general education birth-to-5-year-old programs of the Santa Clara County Office of Education service area.

Facilitates trainings for county office staff and families on the appropriate implementation of occupational therapy strategies with the educational program.

Demonstrates educational and developmental strategies to students and families for successful home management of perceptual motor, sensory, and self programs; provides in-home consultations with families and childcare providers.

Administers pediatric occupational therapy assessments to determine a student's level of function relative to the student's age and educational placement in such areas as fine/gross motor skill development, sensorymotor integration, self-care, and activities of daily living

Develops occupational treatment plans and goals for rehabilitative care to improve student functional abilities and enhance their ability to learn
