

## Dr. Kinsella's "Daily Do Now" Routine ~ Step by Step

### Establish purpose

(set expectations that this is a daily starter activity —after week one, students should begin without any teacher prompting)

1. **Visibly display** the word and provided response frame
2. **Students read and record** response frame quietly on blank "Do Now" page
3. **Encourage students to review** Vocabulary Notes
4. **Prompt students** to consider a response (*allow adequate think time*)
