There is consensus to go with scenario #7, which is to equalize rates of different SELPAs and eliminate the MOUs. However, it was noted that SCCOE Special Ed program costs/expenses will increase with the elimination of the offsets that are done through MOU 1.

A countywide SELPA Base Rate meeting will be held this March to determine the final scenario and whether it should be a multi-year rollout so that districts impacted by the shift can adjust, or if implementation should be carried out this 2020 school year. A recommendation will be presented to the SELPA Executive Council in April.
